Council Accepts Lee Company Bid

New Students At Jeff High School Register Next Week

"Students planning to register at Jefferson Union High school for the first time are invited to come to the school next week between the hours of 8:30 a. m. and 3:30 p. m. to discuss their courses of study."

This announcement was made by the district superintendent's office to enable such students to better plan their work for the coming year.

Letters are being mailed to former students and to the local eighth grade graduates announcing the opening of school on September 10. These students are advised to come to the office the week before school opens if they wish to change the programs which they made out last spring.

Actual registration will be held immediately following the opening assembly on the opening day, and it is planned to have all classes meet on a shortened-period schedule.

The administration is urging all students to be present on the opening day and thus avoid the handicap of late registrations. The importance of the fundamentals of each course which are given at the very beginning is being stressed.

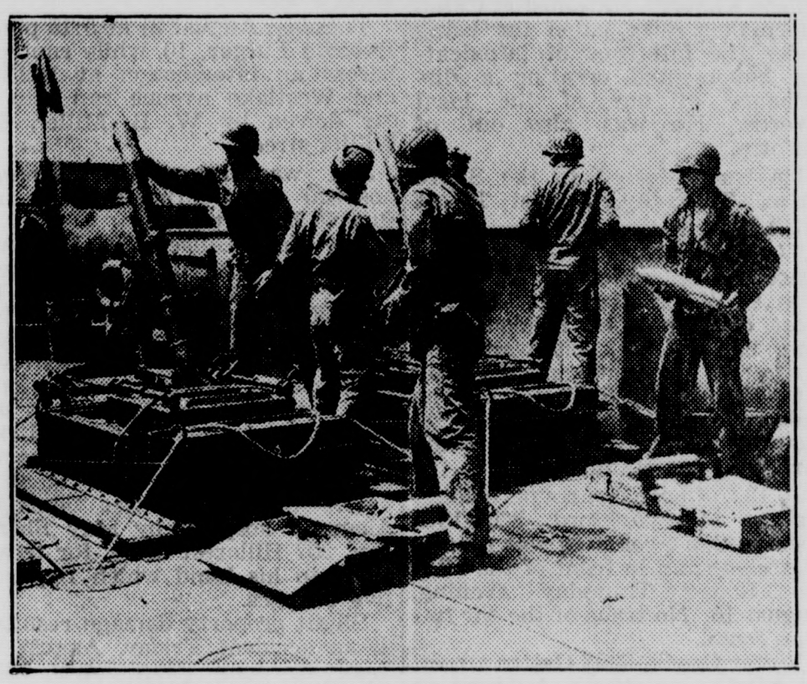
Indications are that the enrollment during the coming school year will show some increase over that of the past few years. It is expected that some 90 students living in Brisbane will attend Jefferson and approximately half that number will attend from Bayshore.

The new 72-passenger bus purchased by the board will make two trips each morning to care for the students from those communities. William Webb is employed by the board to drive this bus. He will also service and care for the coast bus which again will be driven by Howard Miguel, a member of the faculty.

Work Begun On Two-story Addition To Calvary Church

Work has begun on a two-story addition to the Calvary Baptist church, Mission and Morse streets, San Francisco, that will add considerable space for the allready overflowing Sunday school, and which will cost approximately $8,500.

This addition had been planned for some time but was held in abeyance due to wartime restrictions. Joel Johnson & Sons, 1614 Church street, are the contractors and builders.



Released by U. S. War Department, Bureau of Public Relations.

"GOON GUN" TAKES TO THE SEAS—Very soon you'll hear a lot about the 4.2-inch mortar, more affectionally known to combat Chemics as the "Goon Gun." It is shown mounted on an LCVP somewhere in the Pacific. This famous rifle mortar, manufactured by Chemical Warfare Service, won fame in all theaters. Now it is doing duty protecting invasions from sea waves. Firing at least 20 shells per minute—each shell weighs 25 pounds—enemy mortar positions are knocked out when the combat Chemics go into action on the landing craft. The shells contain either high explosives or white phosphorus.

Victory Loan Drive Will Get Under Way By October 29th

The time has come again when Americans will be digging down deep into their pockets to help make the Victory Loan drive a success. Chairman Walter J. Lehigh, war finance chairman for Daly City, announced last week, that he had received word from headquarters in Washington concerning the 8th and final loan campaign.

Quotas for the Daly City-Colma area have not as yet, been announced, but national totals amount to $11,000,000,000; $12,000,000,000 provided the 1½ per cent Treasury bonds are included. Of this grand total $2,000,000,000 will include "E" bonds; $7,000,000,000 corporation sales; and $3,000,000,000 other individual bond sales.

The drive will commence Monday, October 29 and continue through Saturday, December 15.

Daly City did a splendid job in the Seventh War Loan drive by oversubscribing its total of $196,300 by $56,993.

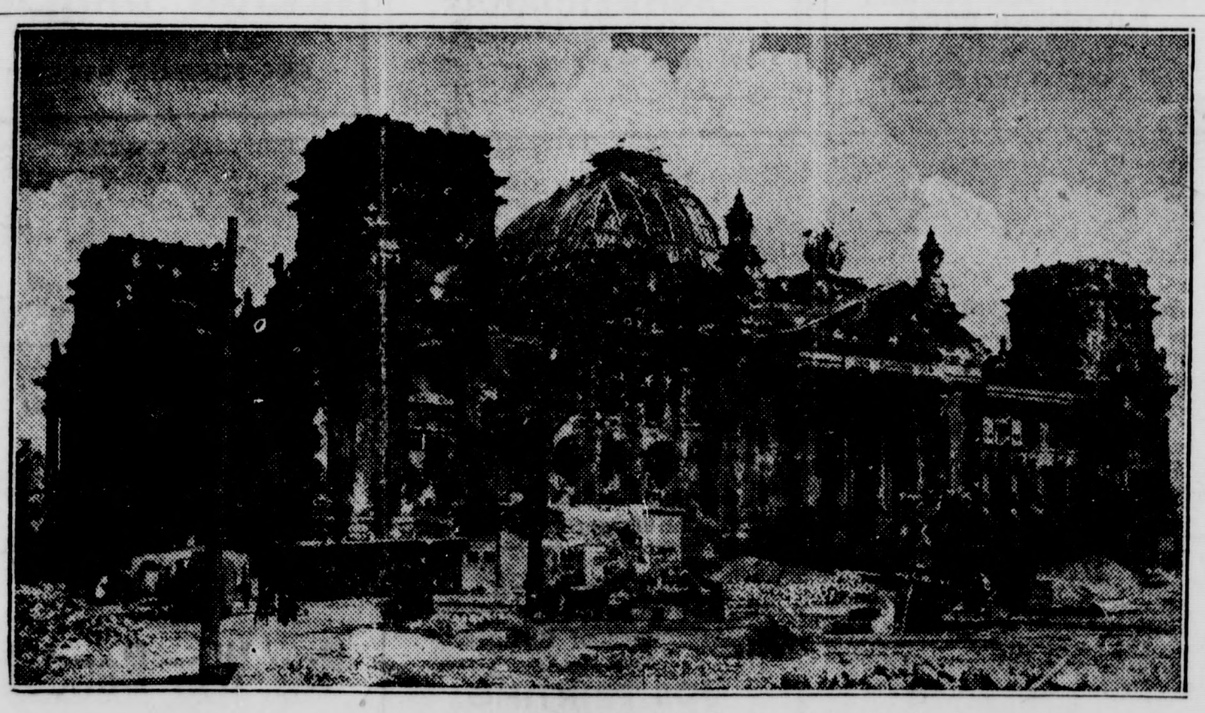
Ration Board Headquarters Go To Redwood City

Following the nationwide trend of locating ration and price control boards at county seats, San Mateo County's Price Control Board will move from Burlingame to Redwood City by September, U. S. Simonds, acting chairman of the Burlingame board announced recently.

Under the proposed new program, Burlingame's board will handle all rationing for the areas formerly served by the South San Francisco board and south as far as Belmont.

Price controls for the entire county will be handled in Redwood City, Simonds said.

Protests to the change of the price control headquarters were voiced by Norman Corlett, president of the Burlingame Chamber of Commerce, through Granville Browning, manager of the Burlingame chamber. Basis for the chamber's complaint, Browning said, is the undesirable and inconvenient location of Redwood City's headquarters for residents of the north county.



Released by U. S. War Department, Bureau of Public Relations.

THE GERMAN REICHSTAG BUILDING AS IT APPEARS TODAY—Scarcely a square foot of the walls of this famous structure escaped bombs and missiles in the battle of Berlin.

CAST IRON PIPE TO BE USED FOR NEW 8-INCH WATER MAIN

The Daly City Council meeting was called to order to Mayor A. J. Gaggero at 8:15 p. m. Monday, August 27.

All members of the Council, City Attorney Hoffman, City Engineer Klassen and City Clerk Ross were noted present.

Bids for the installation of an 8-inch water main from the Citrus avenue pump house to reservoir No. 1 were opened and read. Harry Lee Plumbing and Heating company of Burlingame submitted a bid in the amount of $20,578.05 and an alternate bid for $19,451.00.

Freethy, Fogelberg company, El Cerrito, California bid $25,675.00 and submitted no alternate bid.

McGuire and Hester, Oakland, California bid $20,817.75 and the alternate bid was in the amount of $20,015.550.

After a thorough check of all bids by the city engineer and some lengthy discussion regarding cast iron pipe and cement asbestos pipe, the bid was finally awarded to the lowest bidder, Harry Lee Plumbing and Heating company with instruction to use cast iron pipe.

Applications for permission to operate taxi cabs in Daly City were received from several local people as well as from A. Glickman, traffic counselor and consultant, on behalf of A. E. Ryan of South San Francisco. Local people requesting permission were Leonard R. Stuehler, 136 Peoria street and the other applications were from George Kirchhubel, Thomas J. Martin and John Johnson.

Councilman Lynch, chairman of the transportation committee, suggested that an ordinance be drawn up governing and regulating taxi cab service and until this is done the applications be placed on file. In reply to a question by George Kirchhubel as to the length of time it would require to do this, the city attorney stated the ordinance could be ready for the next meeting. Councilman Lynch stated that a rough draft of the ordinance would be discussed at the next caucus meeting to be held Tuesday, September 4.

A communication was received from the Dolan Wrecking company requesting that lots 18, 19, 20 and a portion of lot 21, block 38 Jefferson Park be rezoned at the same time that lots 13 to 16 inclusive in block 38, Jefferson Park are rezoned. Dolan Wrecking company at some time expect to use this property for warehouse purposes.

The matter was referred to the city attorney with instruction to incorporate all the above mentioned property in the one ordinance and designate it as a "Commercial District." The ordinance is to be prepared for the next regular meeting of the council.

Stoneson Bros. granted the request made by City Engineer Klassen on behalf of the city for an easement on property owned by them for the purpose of installing water mains.

The council by unanimous vote granted the request of the Daly City Employees association that the pound, park, janitorial employees and clerk to the judge and superintendent of the water departments be included in the civil service ordinance.

Mayor Gaggero reported that a second request had been made in regard to the cost of a survey pertaining to civil service. Elmer Kennedy suggested that a request to make a survey be submitted regardless of cost, because eventually it would have to be made. By unanimous vote the council decided to apply for a survey.

An announcement from the League of California Cities of a meeting to be held Wednesday, September 5 at 10 a. m. in the Palo Alto Community center was read.

Bids on medical supplies owned by the city were opened and read. The American Hospital Supply

(Continued On Page Eight)

Five-Year-Old Boy Cuts Vein In Arm

Officer Roy Beecher responded to a call from Mrs. Miller, 398 Templeton avenue, Wednesday, August 22 at 7:05 p. m. and found that her son Billy had cut his arm badly and would need immediate attention.

The five-year-old boy was taken to Alemany hospital for treatment. He had cut a vein and it was necessary to take 16 stitches in his left arm. After treatment he was returned home.

Runaway Car Narrowly Misses Playing Children

Two children, Dennis Martin, 5, of 8 Vendome avenue and Audrey Wheeler, 8, of 25 Vendome avenue, escaped serious injury when a Dodge sedan belonging to Mrs. Marie E. Clifford, 148 Santa Cruz avenue ran loose down Vendome avenue and came to a halt against a tree stump, just two feet away from where the two youngsters were playing. Only damage, thanks to the tree stump, was a broken doll belonging to Audrey. Mrs. Clifford gladly paid damages which amounted to $6.00 for a new doll.

The runaway occurred Monday, August 20 at 2 p. m.

Only damage to the car was to the front left fender, axle, and door. The car was taken to the Daly City garage and Mrs. Clifford was given a tag for violation of Section 595 CVC.

Plenty of Worries For the Firemen

The local fire department worries lately were mostly grass fires and those ever occuring false alarms.

To start the week off, a false alarm Wednesday, August 15 at 2:10 a. m., called out Companies 1, 2, 4, and 6 and the State Guard.

That same afternoon Companies 1 and 4 responded to a grass fire on the hills back of Frankfort and Oliver streets.

At 11:32 a. m. Thursday morning, August 16 the fire alarm system played a trick and went out of order. Upon investigation it was found that the tape had punched 58 times.

That same day a woman called in an alarm concerning a grass fire at Templeton and Winchester street. Before the alarm had finished ringing the woman called back and said that she had put out the fire with her garden hose.

Saturday, August 18 Al Sundstrom telephoned and reported a fire at 100 Los Olivos. Roy Larsen of that address said that an unidentified boy threw a burning paper into the back room.

Companies 1 and 6 responded to a false alarm at the high school gym Saturday, August 18 at 6:58 p. m.

Monday, August 20 Companies 1 and 6 responded to a grass fire at Vale and Mission streets. Companies 1 and 2 responded to another one later that afternoon at Los Banos and Los Olivos.

Another false alarm from Box 17 at Mission and Wilson streets called out Companies 1, 2, and 4 Monday, August 20 at 6:58 p. m.

An alarm from Box 15 at Wellington and Mission streets called out Companies 1 and 4 for a fire between buildings at 6294 and 6296 Mission street Thursday, August 23 at 11:19 p. m.

MacArthur 'Invades' Japan

In every major war there are events so remarkable they are classed as miracles. One such event was the French stand on the Marne river in 1914 that saved Paris. In 1940 the British escape from Dunkirk was another. China's survival against Japan and Russia's defense of Stalingrad—these, too, were miracles.

To the people of the United States, however, nothing could be more mircculous than the fact that we have won the war against Japan without invading her homeland. Until August 6, 1945, when the atomic bomb fell and shook the ages, there was little reason to believe that costly landings by our infantrymen would not have to be made on Japan proper.

But now General MacArthur has "invaded" Nippon under conditions far different from those we long thought would prevail when our troops arrived there. Instead of having to go ashore under heavy fire and fight for every inch of ground as on Iwo Jima and Okinawa, the boys just walked in and took over.

Some Americans have criticized the use of the atomic bomb in subduing the enemy. But because of that bomb thousands of young Americans will return home instead of remaining out there under white crosses.

The task of occupying the Land of the Rising Sun does not promise to be easy or of short duration, however. Japan must be rebuilt—not only physically, but morally. We must stay there until that nation is no longer a threat to world peace. That time will not come when the Japs are relieved of their weapons, but only when the influence of the militarists has been completely removed and the people taught their responsibilities in international relations.

For the sake of humanity we must do the job thoroughly.

Labor Day

Labor Day of 1945 comes just at the time when America's vast army of workers are completing the greatest production job in all history. Never before has so much been produced in so short a time. Labor's magnificent achievement since Pearl Harbor helped to give our Nation irresistible power in the struggle against tyranny and oppression.

Now comes the even greater job of building the things for a prosperous peace; millions of homes and automobiles; more millions of radios and refrigerators; and almost endless millions of tools, gadgets, instruments, machines and other equipment that will give our people a fuller, more free existence in the years ahead.

Intelligent labor leaders know that in spite of the readjustment that lies ahead in the return to full peacetime operation, there is little occasion for fear. They know, too, that the interests of the man who works are synonymous with those of the man who invests his capital in a business venture, that one cannot prosper without the other, and that true prosperity can come only through the full activities of private enterprise rather than through any program of government made-work.

This Labor Day, for the first time in four years, the workers of America will feel free to take the time for their traditional march.

And theirs will be the march of a conquering army for they, too, have been soldiers—good soldiers of the home front—who by their toil and sweat have hastened the day of triumph.

Hara-Kiri

The former Japanese War Minister of the Suzuki Cabinet lost no time in committing hara-kiri after Hirohito issued the surrender order. It would not be surprising if a number of other Nipponese Army and Navy leaders used the same means of "atoning" for their failure—and avoiding the embarrassment of trial as war criminals.

Ever since the eighth century hara-kiri, or "seppuku" as it is called in Japan, has been the fashionable method of atoning for the stigma of disgrace. Until the Japs began to suffer severe reverses in the present war, however, it had not been used with any frequency in modern times.

Centuries ago hara-kiri (hara meaning "belly" and kiri "to cut") was a privilege reserved for feudal barons. A jeweled dagger 9½ inches long was sent to the victim-to-be by the Emperor with a note of regret. After several days of ceremony the doomed man knelt before gathered friends, servants and officials. The eldest son also frequently witnessed the act. The victim then thrust the dagger into the left side of his abdomen and pulled across to the extreme right. Sometimes a friend would be appointed to speed death by decapitating the dying man with one stroke of his sword.

The theory back of hara-kiri is that the individual thereby exposes his soul and reveals its purity. This enables him to join his ancestors.

OFF THE BLOTTER

Headaches for the local police department during the past two weeks began Wednesday, August 15 the day following the announcement of V-J day. At 8:50 a. m., that morning, officers on patrol noticed the plate glass window at the Daly City Poultry store, 6261 Mission street, had been broken some time during Tuesday evening, but no indication as to how the window was broken was found.

That same day at 11:45 p. m. Wilson Flowers, stationed at Camp Shoemaker, was jailed for being under the influence of intoxicating liquors and creating a disturbance at one of the local taverns. He was also out of uniform.

He was released to the Shore Patrol Thursday, August 16 at 11:15 a. m.

Wednesday was a bit more peaceful for officers. At 10:30 a. m. G. W. Crossland jr., 145 Hillcrest drive notified headquarters that he had lost his wallet on August 15 after entering the Daly City theatre at 8:55 p. m. The wallet contained about $12, social security card, driver's license, draft card, and gas stamps.

A 1937 Chevrolet coupe belonging to Mrs. Ashford, 3601-19th avenue, San Francisco was reported stolen from in front of the Hilltop Lodge Thursday evening, August 16. No trace of the car has been found.

Victor Gesek, 2308 Castro street, reported to an officer stationed on Hillcrest drive, Saturday evening, August 16, that while he and his wife Lillian were in the Hilltop Lodge someone had stolen her purse. The purse containing 11 one dollar bills, two dollars in coin, pink and white slips for a studebaker coach, four ration books issued to Mr. and Mrs. Gesek, their two daughters Katherine and Christine, was not found after Officers Dean Wood, Roy Beecher, and James Welsh had searched the premises.

Mrs. Florence Melbourne, 562 San Diego avenue, reported on Friday, August 17 at 7:55 p. m. to police that she had sent her 14-year-old daughter Karen to the store August 14 at 12 noon and had not heard from her since.

The girl who had been staying with school friends in San Francisco was returned to her home Wednesday, August 22.

While walking to the store Monday, August 20 at 11:45 a. m. Mrs. Rose Balluowini, 712 Niantic avenue, was bitten on the left leg by a dog belonging to Mrs. Begazzi, of 456 Westlake avenue.

The victim was taken to Alemany Emergency hospital by Sergeant Ricco Benedetti for treatment.

Janet Foster, 76 Risel avenue, was bitten on her lower right leg by a dog belonging to Mrs. Frances Alga, 21 Risel avenue, Tuesday, August 21. Mrs. Alga requested medical aid so Officer James Welsh took Janet to the Alemany Emergency hospital for treatment. She was later returned to her home.

R. C. McCowan, of Colma, came to local headquarters and stated that his car, a 1936 Dodge sedan had been involved in an accident with a street car, No. 1230, at C street and El Camino real on August 14, at 9:15 p. m. He was advised to notify the highway patrol as that accident had occurred outside the Daly City area.

An accident involving John Manuel Acevedo, 2280 Bryant street, San Francisco and Arthur Kloth, 109 Thornton avenue, San Francisco occurred Thursday evening, August 16 at 9 o'clock.

Acevedo who was parking a Buick sedan backed into Kloth's parked Willys sedan, in front of 6208 Mission street. Only damage was to the left rear fender of the latter's car.

Tuesday, August 21 at 5:15 p. m. Roberta Furger, 10, while running across an intersection at Willits and Westlake avenue ran into a car driven by W. B. Miller, 60 Willits street.

She was taken to Alemany hospital for treatment of an injury to her left heel.

Roy Dave Hulsey, 207 Hillcrest drive, was injured in an auto accident Sunday evening, August 19 at 9:30 p. m. The accident, involving the former and Augusto Sebastiani, 424 Irvington street, occurred at Hillcrest drive and San Diego avenue. As a result the right side of Hulsey's car and the left side of Sebastiani's car were damaged.

The injured man was taken to Alemany hospital by May Sheridan, 207 Hillcrest drive, for treatment to his hand which required five stitches.

Slight property damage resulted in an accident Friday, August 17 involving John Dean Jones, 1436 Sanchez street, and Michael Lombardi, 73 Caine street, San Francisco. The accident occurred at San Jose avenue and Mission street.

Walter Paul Winter, 45 Franklin street, San Francisco, driving a Studebaker sedan ran into Duffy's tavern, 6398 Mission street Tuesday evening, August 21 at 8:36 p. m. breaking the marble front of the building. Winter was given a tag for violation of section 670 CVC, defective brakes.

Mrs. Ruth Sager, 346 Knowles avenue, told Sergeant Benedetti, that her mother Mrs. Freda Hansen, of the same address, had parked her car at 1:30 p. m. Saturday, August 18. Suddenly the car ran down Knowles avenue to Niantic avenue where it struck a P.G. and E. pole and sheared the pole off at the bottom.

Thursday, August 23 at 12 noon Mrs. Mille, 532 San Diego avenue, called headquarters stating that a lost child was at her home. The boy, Lynn Carpenter, 501 Vista Grande avenue was returned to his home by Sergeant Ricco Benedetti.

Officer Roy Beecher responded to a call from Mrs. Hampton, 245 Peoria street, Thursday, August 23 and found that her son Johnny, 13, had fallen and injured his foot. He received treatment for a possible fracture at Alemany hospital.

Richard Evens, 8, of 162 Irvington street, came to local headquarters Saturday, August 25, with a bad cut on his left finger. Sergeant Benedetti took the boy to Alemany hospital for treatment.

It's just the week for runaways. Wednesday, August 22, Frank J.

No Rest For Ambulance Crew --- Too Many Calls

The county ambulance stationed in Daly City has been kept rather busy during the past week or so in response to calls from various sources.

Wednesday, August 15 at 1:33 p. m. Doctor William C. Lynch, 101 Wellington avenue telephoned the police department regarding the use of the ambulance for the purpose of having Joseph Hurbaut, 238 Miriam street removed to the Community hospital. The call was answered by Emil Bertelli and Archi Banfield, following which Hurbaut was immediately transferred to the hospital.

* * *

Mrs. Elaine Hughes' department at the Community hospital requested the use of the ambulance on Thursday, August 16 in order to have Mrs. Anna Goyette transferred from the South San Francisco hospital to the Mission Emergency hospital.

* * *

Phyllis Wev, 155 Hillcrest drive caught her index finger in a sewing machine Saturday, August 18 and was taken to Alemany Emergency hospital in the police car by Sergeant Ricco Benedetti.

* * *

Sunday, August 19 at 2:30 a. m. Joyce Jessup, 101 Santa Cruz avenue, telephoned and stated she was having terrible pains in her right side and thought it was appendicitis. She informed the police department that arrangements had been made for admittance to Mission Emergency hospital. When the hospital was contacted for verification they stated she could not be admitted because she is a resident of San Mateo county. After arrangements were made she was taken to the Community hospital by Dean Wood and Emil Bertelli.

* * *

Pat Tivey was taken to the Community hospital, Sunday, August 19 by James Welsh and Archie Banfield after he had fallen and struck his head on the curb in front of the San Pedro Lunch room.

* * *

John Carnegie, 151 Crocker avenue fell out of bed and struck his head against the corner of a cedar chest Tuesday, August 21 at 12:55 a. m. As he was bleeding badly the family telephoned the local police department and asked for ambulance service.

After investigation by Officers Roland Petrocchi and E. Beecher, Carnegie was taken to Alemany hospital for first aid and then removed to Community hospital by Dean Wood and Emil Bertelli.

* * *

In response to a request from the Shore Patrol, two sailors who had been injured and were lying in the street in front of Duffy's tavern were taken to the U. S. Naval hospital at Geneva avenue and Moscow street, Wednesday, August 22 at 12:25 a. m.

SUMMONS
No. 38655
Dept. No. 1

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said county of San Mateo in the office of the Clerk of said Superior Court.

In the Superior Court of the State of California, in and for the County of San Mateo.

ORMA F. BONHAM, Plaintiff,
vs.
SPENCER WOODRUFF BONHAM, Defendant.

The People of the State of California Send Greetings to:

SPENCER WOODRUFF BONHAM, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 4th day of June, A. D., 1945.

(SEAL) W. H. AUGUSTUS, Clerk.
By ALMA PAGANINI, Deputy Clerk.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Richard Charles Pearson, son of Mr. and Mrs. E. Peterson, 463 Templeton avenue, Daly City, was among the 34 candidates who were commissioned as second lieutenants in the Army of the United States in graduation exercises of the 36th military police officer candidate class of the Provost Marshal General's school, Fort Sam Houston, Texas, August 25. The new officers represent nearly every state in the union and were selected from units throughout the army. All have served overseas prior to attending the officer candidate course. The course, consisting of 17 weeks of difficult day and night training, is designed to prepare the new officers for their highly specialized duties in the Corps of Military Police.

Lieutenant Pearson, a graduate of Jefferson Union High school, worked as frameman for the telephone company prior to entering the service 34 months ago. Before attending the PMG school he served in Italy and Africa.

With the 12th Armored Division, Seventh Army, Germany—Robert L. Drish, son of Mrs. Gertrude Drish of 56 Goethe street, Daly City, has been promoted to private first class in the 126th Armored Division's 134th Ordnance Maintenance Battalion.

The 12th Armored Division earned a reputation for itself as a powerful fighting unit during the battles of France and Germany when it spearheaded the swift advances of Lieut. Gen. Patch's 7th Army and Gen. Patton's 3rd Army as the famed "mystery division."

Commanded by Maj. Gen. Roderick R. Allen, of Palestine, Texas, the 12th also became famous for its spectacular seizure of the Danube river bridge at Dillingen, Germany, its closing of the Colmar pocket with the French, and its super-swift drives through the Bavarian Alps.

Activated at Camp Campbell, Ky., in September, 1942, the division also trained at Camp Barkeley, Texas, before being ordered overseas in the fall of 1944.

Assembly Area Command, France—With its second birthday celebrated on June 25, 1945, the 100th General Hospital is now at Camp Philadelphia, in the Assembly Area Command, being processed for returning to the United States. Present indications are that, after leaves and furloughs and some additional training, the group will be sent to the Pacific.

The unit, of which Second Lieut. Stephen L. Parodi, 7009 Mission street, Daly City, is a member, handled more than 15,000 patients during its operation at Bristol, England, and Bar-le-Duc, France.

Activated at Fort Meade, Maryland, in June, 1943, under the command of Colonel Sam F. Seeley, now Chief Surgeon of the Assembly Area Command, the hospital completed its training there and at Fort Dix, New Jersey. Sailing to England in April, 1944, it took over an American military hospital at Bristol, where it received its first American casualtiies shortly after D-Day.

Arriving in France in August, the hospital spent seven weeks "sweating it out" in the cow pastures of Normandy, before being able to proceed to Bar-le-Duc, where it converted some dilapidated cavalry stables into a hospital.

Lieutenant Parodi is the son of Mr. and Mrs. Giovanni Parodi, 7009 Mission street. His wife Marie Parodi resides at the same address.

Pictured above is Ensign Donald Joseph Winters, USNR, who is visiiting his mother, Mrs. Leona Brulez, 180 Goethe street. He was graduated from the U. S. Naval Reserve Midshipmen's school, Fort Schuyler, New York, on March 6, 1945.

Since then Ensign Winters has been stationed at Camp Peary, Virginia; Miami, Florida; and the Sonar school at San Diego. He is temporarily assigned to Treasure Island while waiting for his orders.

Winters is a graduate of Our Lady of Perpetual Help school and St. Peter's High school.

Ensign Robert L. Faulkner, U. S. Navy is now awaiting orders after spending a 30-day leave with his wife, the former Josephine Parodi, 7009 Mission street.

He returned to the States on July 21 after two years service in the South Pacific theatre of operations. He was a radio officer on Saipan after our country took possession of that island.

William J. Simoncini, son of Mr. and Mrs. Fred Simoncini, 2223 18th avenue, San Francisco, was recently promoted from the rank of corporal to sergeant at the Aloe Army Air Field, Victoria, Texas where he is assigned to duty with a school squadron.

The Simoncini family formerly resided at 115 Irvington street.

Assembly Area Command, France—More of General George S. Patton's Third Army heroes are heading for home.

Newest Patton spearheading outfit to pass through Assembly Area Command redeployment at Camp Atlanta, near Chalons, France, is the 609th Tank Destroyer Battalion, well known in combat as the "Claws of the 10th Armored Division Tigers."

With this battalion is Cpl. Melvin F. Nodurft, 243-D Miriam street, Daly City, a member of the Medical Detachment.

The 609th, now commanded by Major William H. Hatina of St. Louis, Missouri, first gained fame in the assault on Metz, although their performance around Bastogne during the historic German breakthrough of General Von Runstedt's Panzers really highlights combat achievements.

Major Hatina's TDs effected the assault crossing of the Moselle river for the drive which cut off supply routes to Metz. This led to the surrender of that city, with its surrounding forts. From there, the 609th raced into Germany with the 10th Armored, the first Third Army troops to enter Naziland.

Bastogne battling covered the TDs with glory. They were among the first sent in to stop the Nazi thrust. One self-propelled 76-mm. gun alone knocked out five German tanks with six shots. Numerous German Mark IV's and V's were smashed.

The 609th drive into the Moselle-Saar triangle culminated in the capture of Trier, which at that time was the biggest German city to fall into American hands. The battalion drove from Mannheim to cut off the forces defending Heilbronn, and then raced into the Redoubt Area, finishing at Garmisch-Partenkirchen, scene of the 1936 winter olympics.

In combat 165 days, the TDs destroyed 37 tanks, 5 self-propelled guns, 7 artillery batteries, 2 airplanes, 21 anti-tank guns, 10 anti-aircraft guns, 36 trucks, 77 pillboxes, 8 machine gun nests, an ammo dump and a locomotive. They captured 1,542 prisoners and handled the wholesale surrender of thousands.

Awards and decorations totaled 389, including 217 Purple Hearts.

With the 25th Infantry (Tropic Lightning) Division on Luzon: An infantryman with the 35th Regiment of the veteran 25th Division on Luzon Island in the Philippines, Staff Sergeant Richard J. Ragni, son of Mr. and Mrs. Joseph Ragni, 134 Acton street, Daly City, has been promoted to technical sergeant.

Since landing at Lingayen Gulf on Luzon last January, the 25th Division, commanded by Major General Charles L. Mullins, jr., fought the Japs for 165 consecutive days on the central plains and in the rugged Caraballo mountains where they captured strategic Balete Pass and the town of Santa Fe, opening the only southern land route to the vast, productive Cagayan Valley. The 25th "Tropic Lightning" Division is a veteran outfit of Hawaii, and Guadalcanal and Vella La Vella in the Solomon Islands.

Private Richard Chelone left today for Fort Ord, Monterey, after spending a 12-day leave at his home, 42 Alemany street.

Private Chelone, son of Mr. and Mrs. Angelo Chelone of the same address, entered the armed services on the 26th of March this year.

Headquarters United Kingdom Base, London — VE-Day has brought with it a liberal furlough policy for soldiers in the European Theatre of Operations, and many are spending their leaves in England, Scotland, Wales and Ireland, staying either at private homes or American Red Cross service clubs.

Among recent arrivals in London from the Continent is Corporal Raymond Giusti, 33, of 191 Moltke street, a member of the 142nd Engineer Combat Battalion, who expects to spend his leave visiting London. His wife, Sophie lives at the above address.

San Francisco — Thomas E. Dunne of San Francisco recently received a promotion at headquarters of the San Francisco Port of Embarkation advancing him to sergeant. He is on duty aboard a troop transport operating out of the Port.

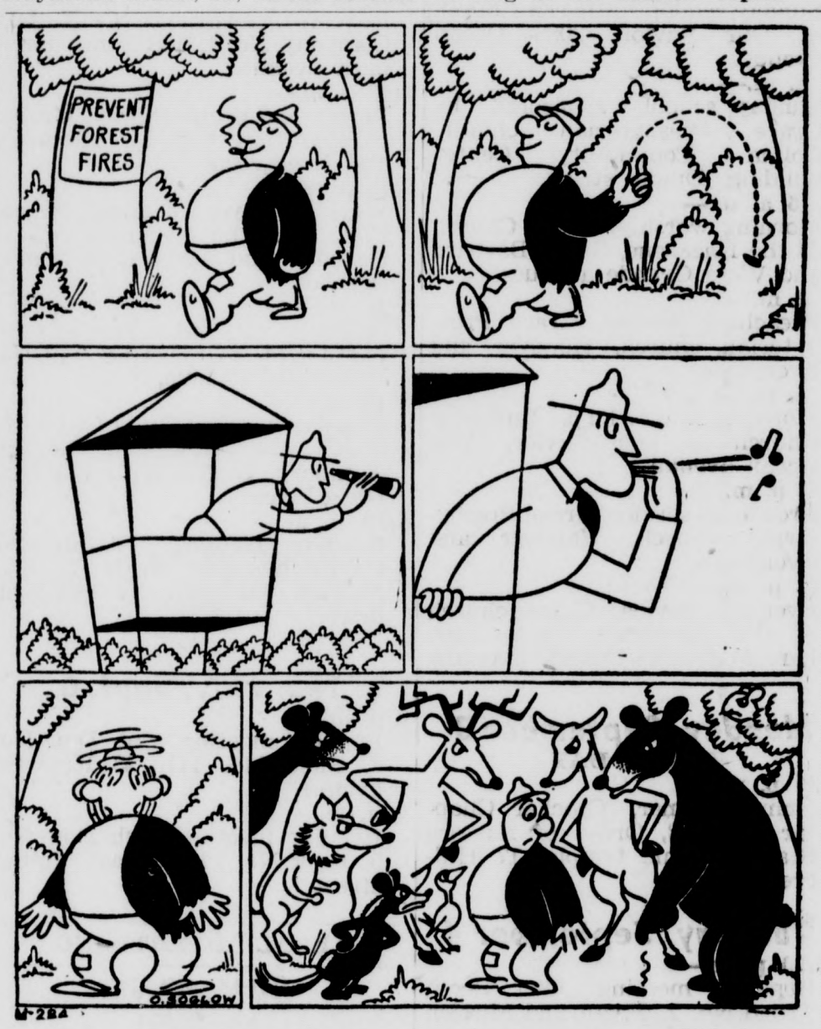
Sergeant Dunne is the son of Mr. James M. Dunne of 1080 Brunswick street, Daly City. His wife, Margaret, and their daughter, Marleen, reside at 3124 Octavia street in San Francisco. His brother, Edward M. Dunne, is serving in the Marine coprs.

New Daughter For Lt. and Mrs. R. Capps

Mrs. Barbara Capps and daughter Wendy returned to 35 Woodrow street from St. Francis hospital, Tuesday, August 21.

Wendy was born to Lieutenant and Mrs. Robert Capps, Monday, August 13, tipping the scales at seven pounds two ounces.

Lieutenant Capps has since returned to his station in Detroit.



Modern Style Builds on Greek Logic

Skillfully translating the beauty of classical Grecian line into modern idiom, designer Tina Leser created the sun dress with which CBS actress Phyllis ("This Life Is Mine") Creore adds drama to her summer wardrobe. Making decorative capital of the ancient custom of leaving the right arm free in hunting attire, the woven stripe Nofade chambray drapes diagonally across the back of the plain blue bodice and over the left shoulder to cover the single shoulder strap. (Sandals and dress from Lord & Taylor, New York)

Released by U. S. War Department, Bureau of Public Relations.

MP RADIO CONTROL FROM EIFFEL TOWER—Standing guard throughout Paris as well as in other parts of France, in Belgium and in American occupied Germany is an iron network of radio cars operated by U. S. Military Police. To solve the problem of keeping M. P. jeeps and the control room in constant contact Signal Corps engineers installed a relay station atop Eiffel Tower. At the left are these technical experts, left to right, Sgt Samuel Sibley, Los Angeles, Cal.; T/Sgt. James Powers, Arlington, Mass.; S/Sgt. Richard F. Scott, Eugene, Ore., and Sgt. Donald Logue, San Francisco, Cal. Pfc. Perry Brown, of Fitzgerald, Ga., inspects his squad car radiobefore going on patrol in Paris.

SAFEWAY LABOR DAY VALUES

How to labor less on Labor Day

Plan to play with your family on this rare three-day weekend! Remind them that you can be good fun, too, and a charming companion. This means coming out of the kitchen, relaxing with them, sharing their day. Every woman has her own formula for saving steps—we just want to list these few reminders.

Plan ahead—Menus prepared in advance are the core from which to work for easy enjoyment of the holiday. If you plan a menu around foods which are versatile or store well (roast, meat loaf, baked beans, spaghetti, potato or jellied salads; frozen or refrigerator-type desserts) there will be a minimum of preparation during the weekend.

Shop ahead—With menus planned ahead you can shop ahead. A refrigerator well stocked with frozen vegetables, fresh fruits and salad vegetable materials furnishes a ready supply which may be quickly made into items for the many meals of the weekend.

Another time saver and a welcome treat is a combination of two meals. Serve breakfast and lunch combined as a hearty brunch. Make it hearty—big wedges of melon or sliced fruit and prepared cereal; scrambled eggs or an omelet with diced luncheon meat; toasted rolls and jam or heated sweet rolls; and lots of coffee and milk and it will suffice for the two meals.

Saturday Dinner Menu

Roast Beef or Lamb or Meat Loaf
Baked Potatoes Corn and Pea Succotash
Heated Rolls and Jam
Fruit Whip with Custard Sauce
Cookies Coffee or Milk

Monday Nite Picnic at Home Menu

Stuffed Rolls Potato Chips
Garden Salad Bowl
Crum Yum Ice Cream and Cookies
Lemonade Iced Tea or Coffee

CRUM YUM ICE CREAM

1 cup graham cracker crumbs — 3 tablespoons sugar
2 cups milk — 1 teaspoon vanilla

Mix well with rotary beater; pour into refrigerator tray. Freeze until mushy; scrape into bowl; beat 1 minute with rotary beater; pour back into refrigerator tray. Freeze until firm. Let ripen one hour, or until ready to serve. Serves 6.

Stuffing for Rolls

Combine equal parts chopped cold roast meat and hard-cooked eggs; season with chopped pickle, onion juice, salt and pepper. Mix with mayonnaise to moisten. Spread generously on split rolls.

County Executive Frederick Peterson Pays Tribute to S. M. County Blood Bank

Frederick Peterson, executive of San Mateo county, who in World War I served as a lieutenant-colonel and who since has been prominent in American Legion activities throughout this area, recently paid high tribute to the work of the San Mateo County Blood Bank.

The county executive is pictured above (in legion cap) congratulating Dr. Carl L. Hoag, president of the County Blood Bank, for the work the institution is carrying on in behalf of servicemen and civilians.

Peterson said, "The County Blood Bank, born of war's necessity, has proved it is to play a muchly needed humanitarian part in peace time. It will have to carry on for many months in providing whole blood and plasma for wounded or ill servicemen.

"It will likewise be called upon to widen its scope of activity in behalf of our civilian population."

The county executive further stated that he knows of many cases where "had it not been for the ready response of the county bank in supplying plasma and whole blood to civilian hospitals, death, instead of recovery, would have been the result for a large number of our men and women."

Peterson likewise paid tribute to the men and women who are listed as blood donors at the county bank. He said:

"War effort on the home front reached a high patriotic level for all men and women who enrolled as blood donors at the County Blood Bank. It's going to be necessary for our civic minded citizens to continue to become donors there."

Surprise Shower Is Given For Lorraine Perasso

A surprise bridal shower was given in honor of Lorraine Perasso, of 439 Irvington street, at the home of Mrs. Earl Taylor, Colma, Thursday evening, August 23.

Miss Perasso is the bride-elect of Chief Petty Officer Joseph Rigadini of San Francisco. The couple plan to be married some time this fall.

Among those present were Mrs. Lloyd Lagomarsino, Mrs. Louis Perasso, Mrs. Antone Boccoleri, Mrs. James Patterson, Mrs. Eugene Pardi, Mrs. Helen Burkhardt, Mrs. Olga Forsberg, Mrs. Earl Taylor, Miss Norma Simonetti, Miss Evelyn Rattaro, Miss Alba Banchero, Miss Dorothy Perasso, Miss June Lagomarsino, and Miss Blanche Baldwin.

Christen Twins At OLPH Church

The christening of Michael Clyde and Timothy Robin Ramsey, 11-month-old twin sons of Sergeant and Mrs. Clyde Ramsey, 447 Winchester street, took place Sunday, August 26 at Our Lady of Perpetual Help church at 2:30 p. m. Father McKenna officiated.

Godmother and godfather of the youngsters are Mr. and Mrs. Raymond Welsh, 553 Hanover street. Grandparents are Mr. and Mrs. O. P. Ramsey, 43 Partridge lane and Mr. and Mrs. Frank C. Robin, 447 Winchester street.

Following the ceremony a lovely reception was held at the Robin home where some 35 guests were served refreshments from a table delightfully decorated in buffet style with a table corsage composed of gladioli and begonias for a center piece.

The father, Sergeant Clyde Ramsey, United States Marine Corps, has been overseas in the Pacific for the past 18 months.

Mr. and Mrs. Teal Feted at Dinner

Mr. and Mrs. Gus Teal, Colma, were feted at a dinner this week at the home of Mrs. Fred Imsand, 400 Persia avenue, celebrating their Golden Wedding anniversary.

Enjoy Vacation

The Kennedy and Lorenz families spent the week of August 12 to 19 at Clear Lake. Included in the family group were Mr. and Mrs. Elmer Kennedy, 301 Vista Grande avenue, their son Jack and daughters Jane and Diane; Mr. and Mrs. Herman Lorenz, 285 Citrus avenue and their son Roger.

Robin Hood Circle Initiates Member

Mrs. Alma Maywald, Chief Companion of Robin Hood Circle No. 58 C. of F. of A. was initiated into the Past Chief Companions' club at a dinner held at the Tee-Off restaurant with Mrs. Elizabeth Merillion acting as hostess. Congratulations and best wishes were extended the new member.

Following the dinner a meeting of the Past Chief Companions' club was held at which the usual business was transacted.

Water Dept. Truck And Automobile Collide On Mission

A car driven by Laura Jean Fitzgerald, 1448 Alvarado avenue, Burlingame and the Daly City Water Department truck driven by Gus Ford, 65 Parkview avenue, collided Thursday, August 23 at 4:45 p. m.

The accident occurred at Mission and Vista Grande avenue when Mrs. Fitzgerald was going south on Mission and Ford was crossing Mission from Vista Grande.

Both escaped injury. The front of the former's car was badly damaged, but there was only slight damage to the truck.

Surprise Party Given For Two Birthdays

Louis Gamba, 376 San Diego avenue and Miss Barbara Lasher were the honored guests at a surprise party Saturday evening, August 18, given by Mr. and Mrs. Charles Lasher, parents of Barbara, at their home 85 Guttenberg street, San Francisco.

At midnight the two honored guests opened their packages, each receiving many lovely gifts. After this games were played and dancing was enjoyed by the younger set.

At 2 a. m. a delicious supper was served from a long table beautifully decorated with three large birthday cakes forming the centerpiece.

Those attending the party were: Mrs. Nora Lasher, Miss Cora Lasher, Mrs. Lela Gamba, Miss Lorelei Gamba, Richard Gamba, all of Daly City. Raymond Gamba, seaman first class stationed at Port Chicago, Calif.; Mr. and Mrs. Elliott Thompson, San Rafael; Mr. and Mrs. Williiam Allen, Mr. and Mrs. George Lasher, Mr. and Mrs. La Mar Lauritzen and Joe Davario, Petaluma; Mr. and Mrs. Frederick Thompson and children, Ray Thompson, Lieutenant Maury Scarfe, R.A.F., Campbell; Miss Karlene Kissinger of San Bruno, Mr. and Mrs. Lester Smith of San Mateo, and Mr. and Mrs. Bert Ray and children of San Francisco.

Ladies Aid Whist Slated For Sept. 5

Mrs. L. Kelly will be chairlady for the monthly whist game sponsored by the Catholic Ladies' Aid society, Branch 59 of St. Michael's Parish, 32 Broad street, Wednesday afternoon, September 5, at 2 o'clock.

Mrs. Kelly's committee will be comprised of Mrs. A. Gearthy, Mrs. Gray, Mrs. Guirline, Mrs. M. Hanley, Mrs. J. Kelly, and Mrs. N. Keller.

Many Farm Fish Ponds

More than 5,000 farms have added a fish pond since 1937.

Airline Openings For Men and Women

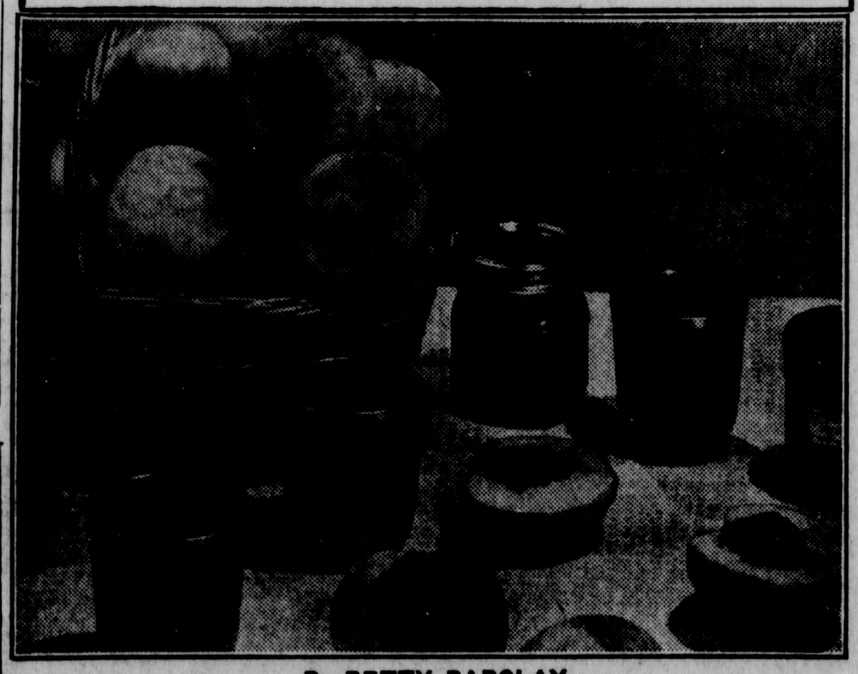
United Air Lines announces that there are openings at the San Francisco Airport for stock chasers and utility toolroom attendants. Both men and women may apply.

Air transportation is an essential industry today, and these jobs are permanent, offering advancement possibilities in the expansion of commercial aviation after the war.

Employee benefits at United Air Lines include vacations with pay, half-fare air travel, insurance protection, periodic wage review and a retirement plan.

Apply in person at United Air Lines, San Francisco Airport, Bayshore Blvd., at San Bruno Ave., or 421 Powell St., San Francisco.

Peaches Are Plentiful



By BETTY BARCLAY

Peaches are not only pretty and delectable, but they have intriguing names, too. There's the Golden Jubilee, Early Rose and Hiley Belle — to name a few.

However, the type of peach is not the main consideration when you are making jams and jellies. Just be sure that the fruit is at its fully sunripened best. This year an unusually large peach crop is being gathered and homemakers everywhere are taking advantage of this abundant harvest. A little foresight in the summer time is truly a great help for winter meal planning. And light corn syrup will stretch your sugar.

Every fruit will jell today if accurate jelly making recipes are used. Try peach jams and jellies with short-boil directions and you will save not only your time but precious materials as well. And remember that your spreads will have the fine rich flavor of fresh peaches.

Ripe Peach Marmalade

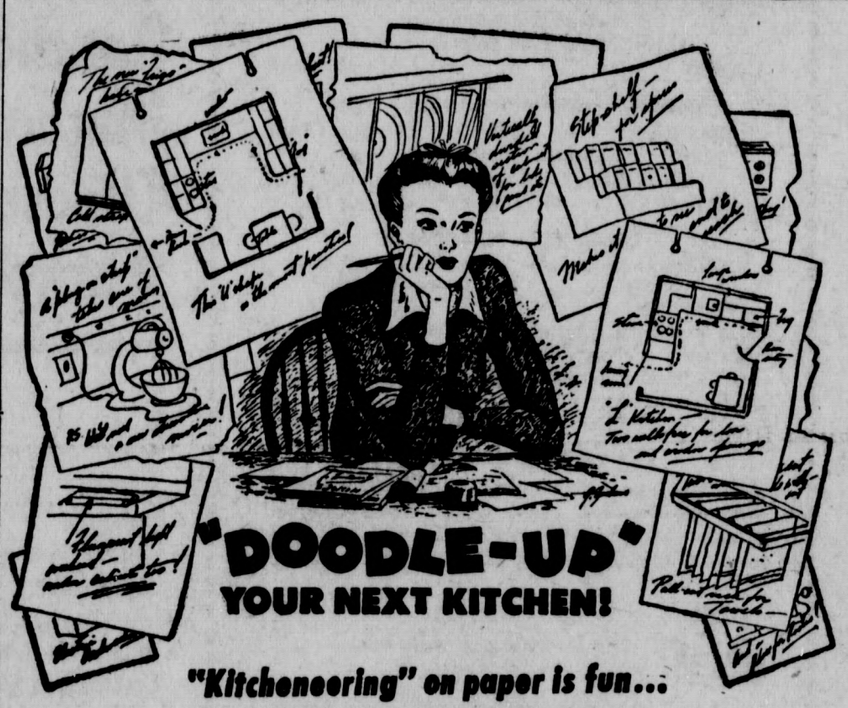
4 cups prepared fruit
5½ cups sugar
2 cups light corn syrup
1 bottle fruit pectin

To prepare fruit, peel off the yellow rind of 1 medium orange and 1 medium lemon with a sharp knife, leaving as much of the white part on the fruit as possible. Put yellow rinds through the food chopper twice; add ¾ cup water and 1/16 teaspoon soda to ground rind, bring to a boil, and simmer, covered, 10 minutes. Cut off the tight skin of the peeled fruit and slip the pulp out of each section. Add pulp and juice and the juice of an additional lemon to the rind, and simmer, covered 20 minutes longer. Peel about 1½ pounds fully ripe peaches. Pit and grind or chop very fine. Combine fruits.

Measure sugar, syrup and prepared fruit into large kettle, filling up the last cup with water if necessary. Mix well.

Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute.

Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot marmalade at once. Makes about 12 glasses (6 fluid ounces each).



"Kitcheneering" on paper is fun... Makes a Model Kitchen "Practically Yours"

The kitchen is one room in your home that should be personally planned and not accepted ready made. It is the room that should represent the ideas you "doodle-up" to make it fit your personality and working habits.... For a basic plan, which includes the shape of the kitchen, step-saving arrangement of range, refrigerator and dishwasher together with supplementary cabinets, you will be well guided by the many free kitchen-planning booklets put out by home appliance manufacturers. Appliance dealers or any office of this company can obtain copies for you. You are, however the "kitcheneer" as to color scheme, handy placement of special drawers and cabinets to suit your working habits, fluorescent lighting and Adequate Wiring. For your kitchen, you should give special attention to the wiring, so that the lighting circuit is separate from the plug-in outlet circuits for full power operation of the refrigerator, kitchen mixer, roaster, coffee maker, toaster, etc. Be real fussy with your kitchen planning. It is the best way to right the wrongs that so often occur in the newest of homes.

P·G·and·E· GE35W-845

PACIFIC GAS AND ELECTRIC COMPANY

"MY, ISN'T IT NICE OF THEM TO SUPPLY A SANTA CLAUSE SO WE CAN FEEL THE YULE SPIRIT MONTHS BEFORE CHRISTMAS?"

Nine Fateful Days

When history books are written the nine days beginning with Monday, August 6, and ending with Tuesday, August 14, will be marked as probably the most dramatic and fateful in world history.

For months prior to this period the Japs had been staggering under the sledgehammer blows of American military might. Our superforts and smaller aircraft had been shooting up everything in Hirohito's domain that they could bring under their guns and bombsights. Our vast naval armada under Admiral Halsey ranged at will along the enemy coastline and tossed giant missiles into shore installations and war plants. Everyone—including the Japs—knew that Japan was doomed.

But on Sunday, August 5, there was little reason to believe that the foe would be brought to his knees in less than six months or a year. Some observers thought the Nips could hang on even longer. Few persons thought victory could be won without a costly invasion of the enemy homeland.

Then on Monday, August 6, the most startling invention of all time was revealed—the atomic bomb. In one fell swoop more than half of Hiroshima disappeared. Russia's entry into the war the next day was overshadowed by the awe-inspiring report of the destructive force of the new weapon.

On Wednesday Nagasaki was "atomized." On Friday the Japs said they had had enough. Four days later World War II ended.

Thus, a single weapon—a deadly "dream" weapon—had compressed more dramatic history into nine brief days than the world might ordinarily experience in nine years. Even more important, the events of these nine days will project themselves into the indefinite future, for there is reason to believe that they mark the beginning of a new era in industrial development and of a lasting peace.

Back to 'Normalcy'?

Now that the war is over it is quite natural for all of us to want to get back to "normalcy." In other words, we want to shed wartime restrictions quickly and return to the more comfortable modes of peacetime living.

The idea is all right, but we must not attempt the transition in one mad jump. Nor should we attempt to re-establish, in our individual lives, our old, indifferent pre-war ways. Now we face greater responsibilities than we ever had before Pearl Harbor. For one thing, our Nation carries the greatest debt which any nation ever had.

Unlike the period immediately following the last war, we can't afford to take a joy ride on the inflation balloon. This time it could be far more disastrous than it was 25 years ago. And it was bad enough then.

It all adds up to the fact that we must not hurry to cash in our War Bonds or withdraw funds from our bank savings accounts in order to go on a buying spree. We should resolve to hold our Bonds to maturity, and to preserve our savings for only the most worthwhile purposes. Wild or careless spending would force prices swiftly upward in an inflationary spiral in spite of all government efforts to control them.

This doesn't mean that we should be deprived the pleasure of new products that sell within our incomes, but let us plan to do most of our buying out of current income and protect our war savings.

This will give us a greater individual security, will help protect the Nation's living standard, and hasten the return of a genuine "normalcy."

West Coast Naval Academy

The suggestion that a naval academy be established on the Pacific Coast should receive the sincere and unbiased consideration of Navy officials in Washington.

The Pacific has become and, from present indications, will remain the center of operations for our Navy for years to come. It seems only logical therefore, that instead of expanding the facilities at Annapolis to train officers for our greatly enlarged peacetime Navy, another such academy should be created out here.

The Washington, D. C. Post recently stated our case very ably in a front page editorial when it declared, in regard to the proposed enlargement of Annapolis: "The Post feels strongly that such a major expansion of educational facilities should be on the shores of the Pacific . . . . Washington has always underestimated the importance of the Pacific Coast . . . . the Navy has sometimes shown a lack of imagination. Let it not delay in becoming Pacific minded."

100,000 Miles Per Hour

Now that we have the automic bomb we shall be less likely to question predictions for the future which sound utterly fantastic.

Rocket enthusiasts are now talking about a rocket plane that will some day fly at a speed of 100,000 m.p.h. Allowing for the time it would require to gain that speed after the takeoff and for slowing down again for the landing, the world could be encircled in 24 minutes.

Said the pilot to the navigator: "Was that Asia that just flashed by?"

OFF THE BLOTTER

(Continued from Page Two)

Avalos, 638 Niagara street, was given a tag for violation of Section 595 CVC, (not parking wheels properly against curb.) He had parked a Willys Americar sedan owned by the San Francisco Call Bulletin at Knowles avenue and Mission street. The car ran down the hill and struck a pole at Santa Barbara and Knowles avenues.

A call came from Albert P. Casali, 1315 Magnolia street, Oakland, Thursday, August 23 at 5:38 p. m. that his truck parked in front of 384 Irvington had run down Irvington and Evergreen. No damage occurred, but Casali was given a tag for violation of Section 595 CVC.

Much Opposition Expressed To Site For Juvenile Home

County Executive Frederick Peterson indicated that he is opposed to the site west of Community hospital approved by the Board of Supervisors for the proposed new juvenile home, and emphasized the probable need for expanding the hospital in the future.

The County Probation Committee will "undoubtedly" recommend to Juvenile Court Judge A. R. Cotton approval of the Community hospital site, Edward H. Cosgriff of Burlingame, chairman of the committee, said today.

Peterson declared the belief that San Mateo county in the next ten or 15 years will reach a population of nearly a million. "The county hospital facilities will have to be greatly expanded" the county executive said, intimating the proposed site of the juvenile home ought to be reserved for the expansion of the hospital.

The executive emphasized that approval of a site is "up to the probation committee and. Judge Cotton," and said he did not wish to be involved in a dispute over the site.

He suggested that San Mateo residents who are up in arms over the selection of the Community hospital site should carry their complaints to Supervisor Martin Poss of San Mateo, who is also a member of county planning commission.

Meanwhile, Cosgriff said flatly that the probation committee will recommend to Judge Cotton that he approve the Community hospital site, declaring that "the matter has been thoroughly explored from every angle and there is no reason the choice for a site should be changed again."

The committee will meet on September 11 to make its recommendation to Judge Cotton.

The judge is currently on vacation and could not be reached for comment.

Cosgriff pointed out that the land in question, a 10-acre site, west of Community hospital, has belonged to the county for many years. "Property owners in the area have long been cognizant that the land could be used for any institutional purposes," he said.

The probation committee chairman said that the City of San Mateo could not offer any legal bar to the county's building the new juvenile home on the Community hospital site.

San Mateo City Councilman Carrol M. Speers said he hoped to be able to get in touch with Judge Cotton and discuss the question. Speers said he was definitely opposed to the site next to the hospital but added that so far he knew there was no way San Mateo could block the county from building the youth home there.

Mrs. Irene Gianni Passes Away

A native of Italy and for 34 years a resident in the Colma community, Mrs. Irene Gianni, 53, 113 San Pedro road, passed away at her home Wednesday, August 22.

She is survived by her husband Agostino Gianni; two sons, Louie and Dante Gianni; two daughters, Tosca Picchi and Ida Giordano; sister Aida Bertini, and brother, Nello Perfetti.

Mrs. Gianni was a member of Italian Catholic federation.

Funeral services were held Saturday, August 25 at 10 a. m. from the chapel of Valente, Marini, Perata and company, 4840 Mission street, thence to Holy Angel's church where a mass was said commencing at 10:30 a. m. Interment followed at the Italian cemetery.

Here's How To Make Ice Cream Without Sugar

Does this title intrigue you? Does it sound like something too good to be true? Please cast your eyes over to the left.

It's true. Right in your own home you may make ice cream for the family or your guests without using a single teaspoon of that precious, hard-to-get sugar. Nothing more need be said, other than furnishing the recipes as proof — and here they are:

Honey Ice Cream

Use the following ingredients: 1 rennet tablet, 1 tablespoon cold water, 2 cups light cream, ⅓ cup honey and follow basic directions given below.

Molasses Nut Ice Cream

Use the following ingredients: 1 rennet tablet, 1 tablespoon cold water, 2 cups light cream, ¼ cup molasses, ¼ cup corn syrup and follow basic directions given below, adding ¼ cup chopped nuts when ice cream is removed from refrigerator and beaten.

Mint Ice Cream

Use the following ingredients: 1 rennet tablet, 1 tablespoon cold water, 2 cups light cream, ¾ cup crushed peppermint patties, few drops green food coloring (if desired) and follow basic directions given below.

Caramel Ice Cream

Use the following ingredients: 1 rennet tablet, 1 tablespoon cold water, 2 cups light cream, 10 caramels (candy), ½ teaspoon vanilla. Melt caramels in ½ cup cream, then add remaining cream and follow basic directions given below. **For Caramel Nut Ice Cream:** Use the ingredients above substituting nut caramels for plain caramels and adding ¼ cup additional chopped nuts.

Condensed Milk Ice Cream

Use the following ingredients: Dissolve 1 rennet tablet in 1 tablespoon cold water, then mix ½ cup sweetened condensed milk, ½ cup light cream, 1 cup whole milk (not canned) and 1¼ teaspoons vanilla, then follow basic directions given below.

Maple Walnut Ice Cream

Use the following ingredients: 1 rennet tablet, 1 tablespoon cold water, 2 cups light cream, ¾ cup maple syrup, ½ teaspoon vanilla, and follow basic directions given below, adding ½ cup chopped nuts when ice cream is removed from refrigerator and beaten.

Basic Directions

Dissolve rennet tablet by crushing in cold water. Mix light cream, sweetening and flavoring. Warm slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM (110° F.) not hot, remove at once from heat. Add dissolved rennet tablet and stir quickly for a few seconds only. Pour at once, while still liquid, into refrigerator tray. Do not move until set—about 10 minutes. Then place in freezing compartment and freeze until firm. Remove from tray to a bowl, break up with a fork and beat with an electric or rotary beater until free from hard lumps but still a thick mush. Finish freezing.

COUNCIL

(Continued From Page One)
company offered $50; Travers and Henning, $175; Dr. Frank M. Close and staff, $100; Joseph Sarto of the Villa Sanitarium $200.

The council accepted the bid of Joseph Sarto, highest bidder, and instructed A. J. Bodien to turn the supplies over to him.

Resolution No. 884 accepting a quit claim deed to a portion of lot 9, block 1, Crocker Daly subdivision from the Crocker Estate company was passed and adopted by a unanimous vote.

The city clerk was instructed to write the Crocker people expressing the council's thanks for giving the city a quit claim deed, thereby removing the restriction previously attached. A clause incorporated in the former deed stipulated the property was to be used exclusively for library purposes.

Councilman Lynch stated the entire police department was on duty for the period of the V-J day celebration held August 14 and destruction was held to an absolute minimum. The city council and the police committee wished to express their appreciation for the fine conduct of the people during the celebration.

Councilman Dennis reported that the council had decided to follow the suggestion made by Jeff Martin in regard to naming new streets after some of the boys who gave their lives for this country. The Honor Roll is to be brought up to date and all gold star names are to be given to Councilman Dennis and later names will be drawn for the purpose of selecting names for new streets.

Councilman Craig recommended that the following lots should not be sold for the price submitted to the County Tax Collector, as the lots are worth more than the price offered: lot 18, block 15 Crocker tract; lot 1, block 14 Hillcrest tract; lots 36 and 37, block 2 Jefferson Park; and the northerly 10' of lot 10 and all of lot 11, block 3, Metropolis homestead. J. J. Fahey asked when the lots were to be sold as he would like to bid, but the dates are never published in the local paper. Mayor Gaggero suggested he would contact the County Tax Collector in regard to making a concession whereby the date of sale would be published in the local paper.

Edmund Cavagnaro addressed the council in regard to improvement to the fire alarm system. The mayor stated the approximate cost would be $25,000 and that $6,000 has been set up in this year's budget for the most needed repairs to the system.

Claims were read and authorized paid.

The meeting adjourned at 10 p. m.

Battleship Fire Control

The fire control equipment of a battleship costs more than $1,000,000.

Released by U. S. War Department, Bureau of Public Relations.

WAR COMES TO THE WAR OFFICE—Sight-seeing American soldiers pass the shattered ruins of Berlin's War Office and Admiralty Building.

El Carmelo Parlor Plans Formal Dance At Masonic Hall

Servicemen from various hospital units will be invited to attend a formal dance in their honor Wednesday evening, September 5 at Masonic hall. The dance is sponsored by El Carmelo Parlor No. 181, NDGW.

Chairman in charge for the evening will be Mrs. Louise Eliasen.

The regular meeting of El Camelo parlor will precede the affair at 8:15 p. m.

Women of Moose To Meet Sept. 14

Senior regent, Mrs. Marie Stella, announced this week that the Women of the Moose will hold their regular business meeting Friday evening, September 14 at the Odd Fellows building, 26-7th street, beginning at 8 o'clock.

The regular monthly whist game at 7 Amazon avenue is scheduled for Friday evening, September 7. Mrs. Clare Kenny will be chairman assisted by Mrs. I. Crummey and Mrs. Irene Libarry, co-chairmen.

Atty. Gen. Kenny Asks For Report On County Gambling

District Attorney Gilbert D. Ferrell declined to divulge any of the information on gambling in the county which he will send to Attorney General Robert Kenny within the next ten days at the request of the attorney general.

Ferrell said he received a letter from Kenny on August 16 which was sent to all district attorneys and sheriffs in the state.

Kenny stated that two articles, one in the San Francisco Examiner and another in the Sacramento Bee on August 7 quoted Assemblyman Harold Sawallisch of Contra Costa county, chairman of the assembly committee on public morals, as saying that "the committee would investigate gambling in the state which had increased due to the breakdown of law enforcement in the counties."

"The statement of the committee chairman is entirely unjustifiable," Kenny said in his letter to Ferrell. "However, the charges cannot be ignored. Therefore, I ask you to immediately survey conditions in your county and give me a report on the present enforcement of gambling laws within your jurisdiction. I want one copy for the assembly committee," Kenny concluded.

Ferrell said that he was going to report on Kenny's letter when he first received it but he thought it might be confidential. The district attorney said he would contact all police chiefs in the county and would, perhaps, make public his report to Kenny at some later date.

Football Begins On Opening Day At Jefferson Hi

Football at Jefferson Union High school will get under way on the opening day of school. Frank Kamm, who will guide the Indians this season, is expected to arrive within a few days. In a recent letter to the district superintendent, Stanford Hannah, Kamm states that he is anxious to start practice at the earliest possible date. Kamm, who comes from Wisconsin, was recently discharged from the Army and has been taking some work in physical education and coaching at USC this summer.

Victor Binsacca has been employed to serve as an assistant coach and will assist with football and baseball.

Some 60 boys have signed up for football, including a considerable number of freshmen. These younger boys may be of little use to the Varsity this season but they are the material from which future varsities are made.

Elman Rose will continue to coach basketball and no doubt hopes to repeat last season's record in which the Indians took two of the league championships.

BUY BONDS ! ! !

VETERANS!

Perhaps you have just received your honorable discharge from the Armed Forces. Or, it may be just a matter of days and you'll be eligible for discharge. If so, and you are wondering what you are going to do in civilian life, you should consider the many opportunities United Air Lines offers honorably discharged war veterans.

The fact is — your training and experience will help you "go places" in this rapidly growing industry. And there certainly is a future with United . . . expansion plans for the next five years call for operations *three times as great as now.* United's employees who have been serving in the Armed Forces are returning to their old jobs, but these represent only a small fraction of the airline's need for additional personnel.

There is a special need for veterans with technical or mechanical experience. However, if you have office or business training, if you are a cook or baker, there are openings for you, too. United also has opportunities for women who have served in the Armed Forces.

So, plan your future on the future of aviation with United — the nation's pioneer airline. You'll be glad you did.

Peninsula Police Announce Their Annual Ball

The Peninsula Police Officer's association has named Officer James Smith of the San Mateo Police department to be general chairman of the 17th annual policemen's ball. This gala affair, which is a benefit for the widow's and orphan's fund of that association, will be held Saturday evening, September 22 at Bay Meadows club house in San Mateo.

Officer James Smith, in his capacity of general chairman, announces that the following officers have been appointed by him to head the committees following their names: Chief Jack Theuer, Burlingame, flowers; Officer Harold Bauer, San Mateo, music; Officer Cole Stafford, Redwood City, hall and decorations; Sergeant August Tarragno, South San Francisco, special events; Chiief William Maher, San Bruno, color bearers and military police; Chief Walter Wisnom, Hillsborough, ticket sales; Deputy Chief of Police John Hartnett, Burlingame, floor manager; Police Inspector Tom Connors, San Mateo, hat check; Officer Edwin Maillard, San Carlos, publicity and photography.

President of the Peninsula Police Officers association this year is Sergeant Lawrence Furio, Burlingame.

General chairman, James Smith, states that all the committees are progressing smoothly and efficiently under expert guidance of their respective chairman, the success of the ball is assured by their untiring and mutually cooperative efforts. Chief Wisnom, ticket chairman, announces a very favorable advance sale of tickets and that the public is looking forward to an enjoyable evening of dancing and entertainment.

The color scheme and character of the ball decorations will be patriotic, and the National colors will be presented during the evening by the Honor Guard of Military Police and Shore Patrol. This stirring spectacle is expected to add great significance and color to this affair. This event already has established an enviable record on the Peninsula.

Don't forget the date: September 22, 1945, Saturday evening at Bay Meadows club house in San Mateo.

Wet Shoes

Stuff wet shoes with paper and allow them to dry slowly.

Flavors Pie

Instead of using cornstarch or flour for thickening fruit or berry pie, try using a scant tablespoon of quick cooking tapioca. This not only adds flavor to the pie but absorbs the excess juice.

Mrs. America Meets Post-war Problems . . . .

War-time controls over production have been lifted from many consumer goods that Mrs. America has been anxiously looking forward to buying when the war is over. Radios, refrigerators, stoves and electric fans are among the items which manufacturers can now produce without any limitations on number. Controls over other items will be probably lifted very soon. When the time comes for Christmas shopping, it is expected the stores will be well stocked with many things which have been scarce during the war years.

* * *

What Mrs. America has probably missed more than anything else . . . nylon stockings . . . are promised by Christmas time, too. There's good news also for milady who has been concerned about her figure. Other clothing items should be much more plentiful within a short time, both cotton and wool garments. Price controls on clothing will continue to insure better quality clothing at reasonable prices.

* * *

Restrictions on the distribution of milk, light cream, buttermilk and chocolate milk drinks have been removed, although whipping cream remains on the restricted list. The War Food Administratiion was able to remove controls because of the high level of milk production during recent months.

* * *

Although the end of the war has brought improvement in the supplies of many war-scarce items, there are some shortages that will remain with us for a while. One of them is fats and oils. Mrs. America should continue to save used kitchen fats and turn them in to her butcher. Waste fats are used in making many commercial products . . . such as medicine, lubricants and soap. Your butcher will give you two red points and four cents for every pound turned in.

* * *

Sugar is still scarce, too. But here are a few hints from the Department of Agriculture on how to make a little sugar go a long way. Sweet hot breads can take the place of cake, pastry and other rich desserts that will satisfy the family's sweet tooth. There are several tempting variations of hot biscuits that will fill the bill. For instance, use biscuit dough to make pinwheels, with a filling of chopped raisins or dates, spices and sugar, cocoa and sugar, jam, or finely chopped raw apple with cinnamon.

* * *

Although gasoline rationing has ended, new passenger car tires will continue to be rationed until the supply improves. Local War Price and Rationing Boards will grant purchase certificates on the basis of importance of occupational use of cars for which tires are needed. The boards may also issue a limited number of certificates for tires for cars used for non-occupational purposes in hardship cases. A new provision also permits boards to grant certificates for tires to be used on house trailers that serve as living quarters.

Car Owner Gets Four Traffic Tags Following Accident

It doesn't pay to drive a car that isn't in good mechanical condition, as Alfred Herbstritt, 121 Hillcrest drive learned. He was given a tag on four counts for violation of the California Vehicle code, namely operating a vehicle without evidence of registration, having no operator's license, reckless driving and operating a vehicle with defective brakes.

Officer August Benassini and Roland Petrocchi found a Pontiac sedan belonging to the above party parked across Hillcrest drive in front of No. 184. When they contacted Herbstritt at his home, he stated that he had been at the top of the hill on Mission sreet, drove down Los Banos avenue and up Hillcrest drive, but when he arrived in front of his home the car started down Hillcrest drive and hit a pole in front of No. 180 and turned over twice.

The car was taken to a local garage and is not to be operated on its own power until it is put in perfect mechanical condition.

Too Much Water At Local Pool For This Swimmer

While walking on the bottom of the pool at the Jefferson Union High school, Friday afternoon, August 24 at 3:05 p. m., Noel Coleman, 463 Fair Oaks street, San Francisco, slipped and fell. Due to his excited condition he swallowed a large quantity of water, necessitating artificial respiration.

First aid was given by the high school life guard, following which Officers Henry Sundermann and Ed Beecher transported Coleman to Alemany hospital where he was kept for observation.

Colored Roots

Colored root vegetables rather than white ones are better, for the colored roots contain more vitamins. Pod vegetables are particularly valuable in counteracting the acid producing qualities of bread and meat. All of us need more of these alkaline foods. Of the miscellaneous vegetables, tomatoes are the most important, for they are full of healthful vitamins and alkaline.

Calumet Council Make Plans For Coming Meeting

The regular meeting of Calumet Council No. 66, Degree of Pocahontas was held Tuesday, August 28 at the Swedish-American hall, 2174 Market street.

Plans were made for the next meeting at which a reception will be given for Rose Peters and Emma Matheson, Calumet Council delegates who attended the State convention held in San Francisco, August 20 to 23 inclusive. The reception will also be in honor of District Deputy Hazel Shirman who was elected great minnehaha.

The whist party given following the meeting was well attended and very successful.

Olive Cheek, keeper of records, stated that the meeting scheduled for Tuesday, August 14 was not held due to the fact that peace was declared.

Nineteen Pay Fines At Court

Nineteen fines were paid and three bail payments forfeited at the Friday, August 24, city court session presided over by Judge William J. Sweeney.

Those paying for infractions of traffic regulations included Mildred Jennings, $15, speeding; Ralph Acosta, parking in a prohibited place, $10; Thomas Costello, speeding, $10; Ruth Dartais, speeding, $7.50; Edgar Ford, disregarding a signal, $2.50; Edmond Jansen, speeding, $5; J. E. Keating, speeding, $5; Ellias Klein, disregarding a signal, $2.50; Emmett Larson, signal, $2.50; Frank Losco, signal, $2.50; Thomas Mestraitera, signal, $2.

Mrs. Lois Plant paid $2 for overnight parking and each of the following paid $1 for the same offense: Fred Brown, James Arteroris, P. Marble, Gail Owen, J. Hickey and A. J. Linden.

Wilford Dowling, 239 Los Olivos avenue, paid $10 when found guilty of disturbing the peace.

Leroy Kerr, Hamilton Field, James C. Roerden, Route 2, Box 27, Petaluma and Jack V. Jenny, 41a Albion street, San Francisco forfeited $10 bail payments for non-appearance on charges of being intoxicated in a public place.

Watch Your Step In Addressing Mail To Navy Personnel

The Navy's smoothly-operating postal system was disrupted last week by a deluge of mail intended for personnel overseas but addressed to them at specific geographical locations. Evidently, this was the result of a mistaken belief that censorship regulations regarding addresses had been changed with the coming of peace.

Pointing out that such erroneous ways of addressing overseas personnel actually retard rather than expedite delivery, the Chief of Naval Operations Postal Affairs Office has requested personnel to advise their correspondents against continuance of this practice. Specifically, regulations state that "under no conditions are geographical locations to be used as part of a mailing address."

To further expedite delivery, postal authorities also requested that personnel who are reasonably certain that they are to return shortly to the United States should tell their families and friends to "hold off writing and particularly sending packages." With large numbers of Naval personnel on the move, many letters and packages will eventually catch up with addressees only after they have arrived home. Such needless circulation of mail will seriously interfere with the distribution of mail to those who remain on ships and stations outside the United States.

"Drive Carefully" Is Slogan For School Posters

Bearing the slogan: "Drive Carefully. Let Them Live and Learn," attractive posters calling attention to the opening of school are being widely distributed by the Public Safety Department of the California State Automobile association. The purpose of these posters is to call attention of motorists, children, and parents to the hazards involved in the return of thousands of children to the class rooms.

In an appeal to motorists to cooperate in the movement to safeguard school children against traffic accidents, the State Automobile association also issued a reminder of the fact that the Vehicle Code limits speed to 15 miles per hour while passing a school building of school grounds contiguous to the highway, during school recess, while children are going to and from school, and when the school playgrounds are being used by the children.

The Code also requires motorists driving on a highway outside of a business or residential district to come to a full stop when meeting or overtaking a school bus, going in either direction, which has stopped to admit or discharge school children.

Released by U. S. War Department, Bureau of Public Relations.

CENTER OF WAR-SCARRED BERLIN—The famous Brandenberger Tor in Unter den Linden still stands, but it was severely damaged by Allied bombs which demolished surrounding buildings.

Do Your Part - - - Help Prevent Fires

The resumption of near-normal travel to National Forest vacation objectives in California may be reflected in an increased number of forest fires, Regional Forester S. B. Show of the U. S. Forest Service warned recently, unless visitors are careful with fire at all times when traveling through the forests, fields and brush areas.

A sharp increase in vacationists has already been noted and Labor Day weekend is expected to mark the greatest influx of visitors since pre-war days. At this time of year, Regional Forester Show pointed out, fire conditions are always serious because several months have passed without significant rain in many parts of the state.

Complete returns through August 15 indicate that nearly 1200 forest fires have been reported on the National Forests during the current fire season. One-third of the total was man-caused, the remainder being attributable to lightning. The total number of fires so far this year is slightly less than a year ago but the number of man-caused fires has shown a substantial increase over 1944, exceeding slightly the average for the past five years.

Despite the greater number of fires, acreage burned has been limited to about one-third of the average area burned over during the past five years.

The continued cooperation of the public in fire prevention is essential, Regional Forester Show added, if the public's own playgrounds and watersheds are to be kept in their natural condition.

No Holiday For Old 'Doc Stork'

Local couples receiving congratulations upon the arrival of babies are: Mr. and Mrs. Joseph E. Ausano, 48 Vendome avenue, a son, born August 21; Mr. and Mrs. Frank J. Evets, 319 Willits street, a son, August 20; Mr. and Mrs. Raymond A. Monson, 52 West Cavour street, a daughter, August 16; Mr. and Mrs. Edward J. Taylor, 264 Frankfort street, a daughter, August 11; Mr. and Mrs. Vernon T. Welch, 73 Cavour street, a daughter, August 21; Mr. and Mrs. Ralph W. Dale, a son, August 14; Mr. and Mrs. Charles A. Gomez, a son, August 10; Mr. and Mrs. Jasper C. Howard, a daughter, August 20; Mr. and Mrs. William C. Schulba, a daughter, August 11.

Dehydrated Potatoes

About three bushels of fresh potatoes make about 24 pounds dried or dehydrated potatoes.

Forty-seven Are Called For Draft Physical Exams

Elsie Olcese, acting clerk at Daly City Draft Board No. 103, announced that on Thursday, September 19, ten men who have previously been rejected for military service and 37 men between the ages of 18 to 25 will be called for pre-induction physical examinations.

George Lowden, 1246 Brunswick street, Manuel Govia, 443 Citrus avenue and Vernon Rentle, 79 Los Banos avenue were accepted for military service Monday, August 20.

In the future the local board will be on a 40-hour week. Monday, September 3 being Labor Day, the office will be closed.

Tallest Bird

America's tallest bird is the sandhill crane. When standing erect, the male is about as tall as the average man.

President Truman Endorses Religious Education Week

Observance of Religious Education Week, September 30 to October 7, in rural and urban areas of America has been endorsed by President Harry S. Truman, urging that religiious education of the nation's children be "fostered and extended," in a letter sent from the White House to Dr. Roy G. Ross, general secretary of the International Council of Religious Education, sponsor of the program.

"The 15th annual Religious Education Week is a national event of significance," President Truman wrote to Dr. Ross. "At a time when stars hang in the windows of the Nation's homes to honor the absent warriors; when millions of Americans live in temporary homes and in migrant centers while they work at war jobs, it is important to urge that the religious education of the country's children be fostered and extended. It is likely that there are millions of youngsters who need initial and basic religious instruction. They should receive it and learn of the Fatherhood of God and the Brotherhood of Man."

Declaring that "every thinking person is comforted by the knowledge that Divine Guidance directs the world," President Truman stated:

"During times of great spiritual stress, this awareness of Providence is especially manifested. Chaplains with our armed services report constantly on the increased interest in religion among our fighting men. On the home front, too, there is increasing attention to religion. Probably never before in our history have our people shown such deep and abiding faith."

Growing Girls

Girls in their 20s are usually considered beyond the growing age, yet recent studies indicate that some girls continue to grow until they are 24. Hence nutrition authorities recommend that girls continue to eat food for growth.

'The Bad Man' Is Now Playing At Geary Theatre

All "The Bad Men" in the world aren't as dangerous as they seem to be. Porter Emerson Browne conclusively proves this in his delightful comedy success, "The Bad Man," which Henry Duffy is presenting at the Geary theatre. "The Bad Man" is the master funmaker that kept New York audiences in howls of laughter for a number of seasons.

As the lovable desperado, Leo Carrillo enjoys a characterization that has endeared him to an adoring public. The central figure is Pancho Lopez, a Mexican chieftan with an unparalleled sense of humor and a genial spirit. Instead of proving a creature of fear, he turns out to be a gentleman.

"The Bad Man" is no ordinary play. It ranks among the ten best dramas that American authors have produced in as many years. It is an entertainment that forces you to howl with laughter and, at the same time, gives you a serious something to think about afterwards. That's why it is great.

Five Grass Fires Call Out Firemen

Five grass fires since Monday, August 27 were extinguished by the fire department.

Monday, August 27 at 1:10 p. m. a call came from Box 622, West Moltke street and Bruno avenue where a grass fire was in progress on a lot adjoining the premises at 188 West Moltke street. Companies 1, 2, 4 and 6 responded.

Tuesday, August 28 at 4:20 p. m. and 8:52 p. m. alarms from Box 31 were answered by Companies 1 and 2.

The same day at 9:25 p. m. someone from the ice plant called and stated a grass fire was in progress on the Pacific Coast Aggregates' property on Junipero Serra boulevard. Companies 1, 2 and 6 answered the call.

Wednesday, August 29 at 2:45 p. m. Companies 1 and 2 were called out for a grass fire in the vicinity of Hillcrest drive and San Diego avenue.

Reinterred Doughboys

No American soldier who died fighting abroad in World War I was left to lie on foreign soil except at the express wish of his next-of-kin. While this guarantee was made to only one American battalion in World War I, according to Encyclopedia Britannica, it was the primary reason the United States government undertook the tremendous project of transporting 50,000 American dead back across the Atlantic. More than 30,000 American soldiers who died in service in that war still remain buried in France, Belgium and England.

Paint Exports

British exports of paints and pigments from the United Kingdom in 1944 were slightly less than in 1943, according to a British press report noted in Foreign Commerce Weekly. Comparable figures are shown as 651,000 and 671,000 long tons, respectively—considerably less than the prewar total of 1,512,000 tons in 1938.

Misname Hats

Panama hats did not originate in Panama, but in Ecuador, which is still the chief center for their manufacture.

Albert Silicani Receives Discharge From Army Service

Albert Silicani, son of Mr. and Mrs. Albert Silicani, 176 Werner avenue, was until two days ago "Sergeant" Silicani, but on August 28 he once again became "Mr." Silicani.

Albert arrived at Bradley Field, Connecticut from two-year's overseas duty in the European Theatre of Operations on July 9. He was then granted a 30-day furlough and at the expiration of same reported to Camp Beale. Following his arrival at Camp Beale he received his honorable discharge on Tuesday, August 28.

Silicani wore the European Theatre of Operations ribbon with stars for participation in the battles of Normandy, Ardennes, Air Offense of Europe, Rhineland, Southern France, and the Good Conduct Medal.

Zeppelin Center

Friedrichshafen rose to world significance in the early years of the present century as the headquarters of the Zeppelin industries, later to extend their activities to other German cities. As the designs of the airships were improved, the original floating sheds housing the craft on the lake were replaced with substantial shore shelters fringed with foundries, machine shops, fabricating plants, and office buildings. As airplanes became competitive, these craft, too, were manufactured at the Zeppelin industrial plants. Lake Constance proved an excellent testing space for the big Zeppelin-Dornier flying boats.

Use Surplus Jellies

Perfectly good preserves or jellies which somehow accumulate in the cupboard are splendid to use in jelly rolls, gingerbread and spice cake.

To Hold Whist September 6th

Court St. Mary No. 1155, Catholic Daughters of America, made extensive plans at the August meeting for the first court whist to be held in six months to take place Thursday evening, September 6 in Masonic hall, 17 Hillcrest drive at 8:30 p. m.

Mrs. Katherine Core is chairman of the affair. She and her co-chairman, Mrs. Angelo Johnson, report a large committee of active members working energetically.

The committee has secured many attractive, useful, and worthwhile awards and from the enthusiasm of those in charge a large attendance is expected.

The public is most cordially invited to attend.

These, too, are PRECISION INSTRUMENTS

In the compounding of prescriptions, there is no margin for error. Each prescription must be precise and exact. Our skilled registered pharmacists, guarding the health of the home front, give their full time and close attention to the work for which they are trained. You can safely trust them with your next prescription.

Moral --- Don't Throw Cabbages At An Officer!

The manner in which Officer C. A. Spuur, San Francisco police department received a head of cabbage was not in the usual way. While he, his wife and baby were passengers in an automobile belonging to William Richard Martin, a youngster from Colma threw the cabbage at the car resulting in the occupants receiving cuts.

At the request of Officer Spuur the boy was picked up and turned over to him. The youngster has plenty of time to think of his error because he is being kept at the San Francisco Juvenile home.

Price Inflation

Prices rose twice as fast after the armistice in World War I as during the war. For example, a 5-pound sack of potatoes increased 3½ cents during the war and an additional 35 cents in the year and 8 months following the armistice. Almost 40 per cent of the total price increase in the entire period of the last war came after the fighting was finished.

Ladies Auxiliary Make Plans for Whist

Ladies Auxiliary to Company No. 2 are making plans for a whist to be held Tuesday evening, November 6 at 8 o'clock.

The game will be held at the firehouse on Santa Barbara and Parkview avenues.

John H. Groves Dies Thursday

Funeral services were conducted from the mortuary of W. C. Lasswell and company, Thursday, August 30 at 10:30 a. m. for John H. Groves, 86, resident of Daly City for the past six years at 268 Woodrow street, who passed away Monday, August 27 at St. Luke's hospital in San Francisco.

Groves, a member of the Pioneers of Alaska No. 4, Fairbanks, Alaska, was the husband of Della Groves; father of Dr. Robert L. Groves, and Arthur E. Groves, Sacramento; brother of Mrs. Ollie Dever, Bynum, Montana.

Inurnment followed at Olivet Memorial park.

Jack Anderson Gives Radio Talk This Saturday

"Congress must act swiftly to help war workers who stayed on the job and finished the job," declared Congressman Jack Z. Anderson, on the eve of returning to Washington to face the mightiest task in United States legislative history.

Congressman Anderson had expected to remain in California until October 8, and had been looking forward to visiting all parts of the 8th Congressional district to talk with his constituents and get their views regarding the tremendous problems of reconversion now facing Congress. However, the earlier date set for the reconvening of Congress has made this impossible.

Saturday, September 1, from 7:15 to 7:30, Congressman Anderson will broadcast over radio station KQW. In his talk he will deal with the many problems to be solved in reconvertiing this nation from a wartime to a peacetime basis. He will deal particularly with the necessity of immediate and drastic action by Congress to secure full employment for the country.

"One of the first things Congress must do," said Anderson, "is to prevent hardship for those who have completed their essential work, both at home and in the armed forces. Congress will provide unemployment compensation in the period of reconversion and relocation, but every effort must be bent to speed the change to all-out peacetime production in industry, through the cooperation of government, management and labor."

Bread Slicing

For bread slicing use a sharp knife —or a special notched bread knife if you have one. For a smooth cut slice, use gentle pressure when you cut back and forth—the sawing motion does the cutting. Most people press too hard and squash the loaf out of shape. For those who slice lopsided there are wooden cutting guides.

Cancer Killer

Cancer is the greatest killer of women and the second greatest killer of men.
